LONG-LASTING WHITEWASHING SYSTEM

TRADITIONAL WHITEWASH

Made with watered down paint. Difficult to remove. Is destructive to masonry.

TRADITIONAL LIMEWASH

Made with water and limestone. Will fade away in a 5-7 years.

CT BRICK STAINING TRANSFORMATIONS

Proprietary staining process with proven success lasting 20+ years in the field with Masonry Cosmetics. CT Brick offers a long-lasting whitewashed look while still having the authentic character and grace of brick, or other masonry. We can achieve a distressed whitewash look with a little or a lot of the background showing through. Keep in mind - the original masonry color, as well as the absorbency of the masonry, will have an effect on the outcome.
